

# All Purpose Absorber

**All Purpose Absorber** is a fast absorbing product designed to soak up any Oil, Petro chemical, and industrial chemical spills with ease.

- **All Purpose Absorber is a 100% CHEMICAL FREE, absorber** that has proven itself as a cleaner, quicker, and easier product than other spill products.
- A thin layer of All Purpose Absorber is applied to an oil spill and within minutes the spill is absorbed.
- All Purpose Absorber absorbs up to 6 times faster, because of its dense nature allowing the spill to penetrate into each grain rather than stick to the outside.

**All Purpose Absorber absorbs up to 6 times faster**, because of its dense nature allowing the spill to penetrate into each grain rather than stick to the outside.

- All Purpose Absorber is non flammable and can be used as a fire retardant for both liquid and dry fuel fires.
- A high melting point of 1100 degrees celsius ensures the product will perform in extreme temperatures.
- All Purpose Absorber is available in convenient 20 Kg bags (1.5tonne pallets) and one tonne bulker bags.
